Replacement Vehicle

Cars and vans are stolen on a daily basis - add this to those that are involved in accidents and that's a lot of drivers without use of their vehicle - often when they need it most.

Replacement Vehicle Cover

And this is why we at Crusader Assistance have created our own specialist Replacement Vehicle cover.

It provides a replacement vehicle when either your car or van is rendered a total loss, immobilised through an insured incident, due to malicious damage or vandalism, as well as being stolen and not recovered.

This policy is designed to complement your standard motor insurance, which may not necessarily provide you with a courtesy car - when you really need it.

Significant Benefits

- Replacement vehicles can be delivered anywhere in the UK, within **24 working hours**
- Discounted rates are available beyond the hire period
- Available for **7 or 14 day** hire
- 5 door **Group A** vehicle for cars

This policy is a must for anyone reliant on their vehicle for work or general day-to-day living.

Other products from Crusader Assistance

As well as Replacement Vehicle Cover - we provide a number of other products that can be used to compliment your motor insurance.

Excess Protection

All motor policies carry an excess that you have to pay should you need to claim on your insurance. Now, for a relatively nominal fee you can cover the cost of your excess - making sure you get your excess back when you need to claim.

Our policy can cover excess amounts from £250 right through to £2,500.

Keycare

This is an excellent policy that gives you up to £1,750 worth of annual protection against the cost of replacement keys

and locks. And can be used for your home, work place and car keys.

Breakdown Assistance

Our breakdown assistance is provided in conjunction with Europ Assist, one of the leading names in breakdown cover. Unlike some other policies, ours offers comprehensive cover at a very competitive price.

Windscreen Replacement

This policy is essential for any driver who does not have this included in their motor insurance as standard. It covers breakage of the windscreen, vehicle glass, or any damage to the windscreen that is sufficient for the vehicle to fail it's MOT.

Ask your insurance broker for further details on any of these products.
