## Excellent Service

As with our claims management, your clients receive excellent service in the event of an accident, fire, theft or vandalism. Our operators are used to dealing with all types of scenario – making sure that your client gets the best help and advice. They can even help your client negotiate the total loss settlement value with their insurers.

It's our job to ensure that the situation is dealt with quickly and with the least possible stress to all.

Long established partnerships with suppliers means that we have access to a nationwide network of credit hire and repair companies, as well as an experienced panel of specialist personal injury solicitors.

Our standard client literature provides details of how the policy works and what the client should do in the event of an accident.

## Benefits

**Where a third party is responsible the policy will generally cover the following costs:**

- Policy excess
- Replacement vehicle, where a responsible insurer has been identified, on a like-for-like basis
- Loss of earnings
- Damage to personal effects
- Vehicle repair costs
- Medical expenses or compensation for injury to the driver and passengers

Even in non fault accidents your client can still find themselves out of pocket and this is where motor legal expenses comes in. Our policy offers up to **£100,000** worth of legal expenses cover.
