

# Replacement vehicle cover

Covering every  
eventuality

## Keep on the move

**When**  
YOU NEED TO

Cars and vans are stolen on a daily basis – add to this those involved in accidents and many drivers can find themselves without a vehicle, often when they need it most.

This policy provides a replacement when your client's vehicle is rendered a total loss or immobilised through an insured incident, or due to malicious damage or vandalism; stolen and not recovered.

Our replacement vehicle cover offers your clients peace of mind, should they find themselves without their vehicle. Our policy can cover standard cars and small CV's for either a 14 or 21 day hire.

## Benefits

**Vehicle replacement cover offers significant benefits:**

- Replacement vehicle delivered anywhere in the UK within 24 hours
- Discounted rates available for extensions beyond the hire period
- Available for 14 or 21 day hire
- Group A vehicle for cars
- Light commercial vehicle up to 3.5 tonnes
